

I'm Noelle Neal. I have 3 kiddos and a hard working husband. I can't get across how much I love everything to do with swimming! I have been swimming since I was 8 years old. I was on the High School swim team in Raytown, MO. Then also swam for SMSU (that's how Coach Becca and I know each other! We were on the 1st Women's swim there, how's that for really showing age, ha!)

I stay busy by working from home as a freelance graphic designer. My favorite things to do for fun are working out, swimming, all kinds of arts and crafts and playing with my kids.

I'm so excited to get to summer and coach the team again! I love being able to help the kids to constantly improve and drop times. Just to watch them become more confident in what they can do is awesome. And to see the kids build friendships on the team. I know an hour a day seems a lot, but it goes fast, we have fun, meets are once a week in the mornings and we have one day we work on playing more than working too hard. Coach Becca and I even get in the pool for the fun, and the not so fun days too!
